GORILLA FENCE HORIZONTAL PICKET

If you are looking for a new idea for your next fence project, you might consider Gorilla Fence H-Post with horizontally stacked 1.5"x5.5" rails for a modern and unconventional fence design.

The robust 5"x5" Gorilla H-Post provides a strong framework for horizontally stacked 1.5"x5.5" rails and allows for attractive variations such as Full Privacy, Semi Privacy, and Basket Weave.

Colors can be mixed for even more variations or unique designs.

This is a design suggestion and cannot be ordered as a packaged product.
