

NOW AVAILABLE!

External Adjustable Rail Mount

Always right on the mark!

- Takes the place of all current external rail mounts on the market - including internal mounts if the customer sees fit - and reduces to one SKU!
- Includes SS Fasteners to attach to surface as well as rail to the rail mount
- Cover Clips (like the Summit bracket) hide all fasteners leaving nothing exposed but the aesthetics of the product
- Comes in matching colors: Mocha Walnut, Honey Maple, Green Teak, Earl Gray, White, Tan & Adobe in stock.
- Each bracket is individually bagged with screws
- Bracket width adjusts to three settings; 1-1/2", 1-3/4" and 2"
- Bracket Accommodates railing heights from 5-1/2" to 8" as the bracket design curves to the top providing a natural tapered appearance to the rail
- Very Durable, strong enough to mount fence in most applications
