SOLAR LIGHTING

Always right on the mark!®

With Waypoint® solar lighting, you get a clean, stylish appearance and a level of innovation you simply can't find anywhere else.

- Energy-efficient
- No external wiring
- Four-inch and five-inch available
- Easy to install.
- Energy efficiency solar circuitry for longer illumination
- Dual-LED bulbs provide greater illumination and a stronger accent.

The angled reflector directs more light through our exclusive beveled-glass.

- Dual rechargeable batteries boost energy storage capacity
- Battery replacement is simple—no need to remove the lights from the posts

Modular - Easy to replace parts
