Homeland
 - 4" Waypoint® LV Light
Waymark
 - 4" Grape Tiffany Top
Waymark
 - Low Voltage Sconce
Waymark

Homeland® and Waymark® are color matched

Are you tired of buying accessories from a company where the colors do not match your profiles? Waymark products, through quality control systems, are virtually color matched to Homeland's profiles. Your caps, brackets, lattice, columns, posts, and spindles will be the right color match to all Homeland profiles.

Homeland® and Waymark® work together.

Waymark's Summit® brackets are designed for a "right fit" to Homeland's railing profiles. Other companies manufacture their accessories with an oversize corner radius limiting the range of compatibility to other profiles. By combining Homeland profiles with Waymark accessories your caps and brackets will look beautiful and will not stick out as a "piece-together" project.

Homeland® and Waymark® are ICC Building Code compliant

Don't compromise your railing project, Homeland and Waymark components are backed by our quality assurance program and third party audits.

ICC ESR-1657 and Homeland's Summit Railing Bracket Installation instructions for Building Code compliant railing featuring Homeland and Waymark components.
