PERGOLA ACCESSORIES

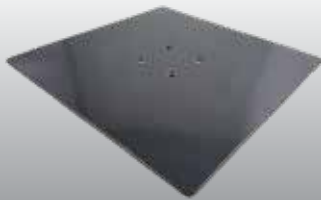

Adjustable Pergola Clip

Pergola U-Bracket

Pergola Plate

Gorilla Torpedo

Combine the Pergola Accessories (seen here) with the Gorilla[®] Matrix system and you can create a sturdy stand-alone pergola to help turn any backyard into an oasis!

- The Gorilla[™] Torpedo adds strength to reduce sway in stand-alone columns.
- The Pergola Plate has a dual purpose of keeping water out of columns as well as a stout foundation for the U-Bracket to attach.
- Pergola U-Bracket allows for a rigid attachment point for the cross beam inserts.
- The Pergola Clips adjusts to securely accept 1-1/2", 1-3/4" and up to 2" wide beams.
