

MARKETING CATALOG 2020

HOMELAND VINYL MARKETING CATALOG

Thank you for choosing Homeland Vinyl Products. Our goal is to be as proactive as possible to help you acquire the promotional and marketing material needed to successfully increase foot traffic and move inventory. Here are several ways we can help:

1. Throughout this catalog, you will notice a Pencil Icon (like the one to the left) alerting you that an item can be customized to help increase profitability. Although a set-up charge will apply to your order, each customizable item can have your business name and contact info so customers can contact you directly. Set-up charges vary depending on item and/or our sources.
2. Are you a customer in good standing? You may qualify for discounted marketing. When placing your order, be sure to ask sales rep if you qualify for a percentage discount.
3. We offer a Co-Op Program. Ask your sales rep. if you qualify when you call to place your order.

We are very excited about the direction of Homeland Vinyl Products in the year to come. We want to do all we can to help our customers become more successful.

If you have any questions on marketing, Please feel free to contact Jim Etheridge at 205.314.3368 or Marketing@homelandvinyl.com.

Thank you,
